

### Frequently Asked Questions re CEE Deadlines and Reporting

1. **Q. How do I know if my "previous 3-year due date" would have fallen in 2021?**

A. If you received your mediator designation in 2018, 2015, or 2012, your previous 3-year due date would have fallen in 2021.

2. **Q. I would have been due for 3-year reporting in 2021, and I owe 3 years of points. What is the range of dates that I need to report on?**

A. You may report on activities earned from the time of your previous due date which was some time in 2018, up to December 31, 2021. That period is slightly longer than 3 years. This was done to "round up" all members to annual reporting.

3. **Q. I last submitted in 2019 for the 3 preceding years. Should I have submitted annually at the end of 2020 and then again for this year at the end of 2021?**

A. No. Annual reporting began in 2021. No annual report was required for 2020. You may claim 2020 and 2021 activities on your 2021 report.
